Winning Teams

RSB wins at CII International Competitiveness Cluster Summit 2023

August 2023, Jamshedpur - RSB Group highlighted their excellence on the global stage at the CII International Competitiveness Cluster Summit 2023 held at India Habitat Centre, New Delhi on 9th and 10th August 2023. RSB Unit-III, Jamshedpur Axle Plant, stood out as a shining example of excellence by bagging two prestigious awards in the event namely Platinum Award in Energy Excellence & Gold Award in POKA YOKE, and Silver Award in Low-Cost Automation (LCA).

Highlights

This prestigious event saw participation from around 600 teams, divided into two categories - Large and MSMEs, and featured 14 different categories of topics. RSB Group proudly took part in four categories within the Large division, where they demonstrated their commitment to innovation, sustainability, and operational excellence.

RSB Group's Dazzling Performance Takes Centre Stage at CII's Global Cluster Summit 2023.

RSB Unit-III, Jamshedpur Axle Plant's Remarkable Triumph

RSB Unit-III, Jamshedpur Axle Plant, stood out as a shining example of excellence by bagging two prestigious awards in their respective categories.

Platinum Award in Energy Excellence:

RSB Unit-III was recognized for its outstanding achievements in energy management and efficiency. This accolade highlights the company's commitment to sustainable practices and environmental responsibility.

Gold Award in POKA YOKE:

The Gold Award in POKA YOKE reflects RSB Unit-III's dedication to error prevention and process improvement. This achievement underscores their focus on quality control and operational excellence.

RSB Unit-IV, 5WC Secures a Notable Win

RSB Unit-IV, 5WC, also made a significant mark by securing a prestigious award in their category.

Silver Award in LCA (Low-Cost Automation):

RSB Unit-IV's achievement in the Low-Cost Automation category highlights their commitment to evaluating and minimizing the economic impact of their products and processes. This recognition reaffirms their dedication to sustainability and responsible business practices.

The CII International Competitiveness Cluster Summit 2023 served as a platform for industry leaders and innovators to highlight their capabilities and share insights on best practices. RSB Group's outstanding performance in multiple categories reaffirms their position as an industry leader committed to excellence, innovation, and sustainability.

RSB Group continues to strive for excellence in its operations, setting a benchmark for others in the industry to follow. These awards are a testament to their dedication to sustainable practices, energy efficiency, and process excellence.

As the global economy evolves, RSB Group stays at the forefront, driving innovation and competitiveness in the industrial sector. Congratulations to RSB Group, and may their success inspire others to pursue excellence and sustainability in their endeavours.
