Minister for industries Gudivada Amarnath addressing the CII meeting at Sri City on Tuesday. Sri City MD Ravindra Sannareddy and others are seen.

MINISTER for industries Gudivada Amarnath inaugurated the newly-commissioned production units of RSB Transmission and Adela Electricals at Sri City on Tuesday. During his visit to Sri City, six memoranda

of understanding (MOUs) were signed with six companies, NGC, TIL Healthcare (Expansion), Magnum, Evershine Moulders, Bombay Coated Special Steels and BVK Group. The cumulative proposed

investment of all these companies will be around Rs 500 crore, with an employment potential of 1,500.

On the occasion, the minister addressed the CII roundtable in which members of Tirupati region took

part along with the CXOs of the industrial units of Sri City and the representatives of some of the industries in the region. During the meeting, he appreciated the initiatives taken by Sri City management in developing

such a large industrial park and creating large employment opportunities in a backward area.

Amarnath stated that under the dynamic leadership of Chief Minister Y S Jagan Mohan Reddy the state emerged as an ideal destination for investments. The new Industrial Policy aims at creating an inclusive and balanced regional development, promoting start-up culture and ensuring skill development.

Sri City MD Dr Ravindra Sannareddy said the visit of the minister reflects the strong impetus and seriousness of the government on the industrial development and his observations and suggestions will be very useful for Sri City's growth.

The state government's commitment in facilitating the investors has been instrumental in attracting

investments, fostering industrial development and boosting economic growth of the region.

During the interactive session, representatives of some of the industrial units have brought up a few specific issues, such as property tax rebate with Industrial Area Local Authority (IALA), customs duty and GST related issues faced by SEZ units, raw material import related travails, power subsidies and outages, approvals for rooftop solar power generation, improvement of roads and other amenities in industrial parks in the region among other things.

Deputy Chief Minister K Narayana Swamy, MLAs K Adimulam, K Sanjeevaiah accompanied the minister. APIIC vice-chairman and MD Praveen Kumar, government advisor Lanka Sridhar and others were present.

SRI City in association with Sri Padmavathi Mahila Visva Vidyalayam, Tirupati, conducted a study on 'Socio - Economic impact of Sri City industrial park on villages of Sri City and Tada mandal.'

The research was conducted by a team consisting of Prof B N Neelima, Prof P Neeraja and Dr N Sree Rajani. The main aim of the study is how Sri City has been creating an impact on the lives of surrounding villages.

A tool was constructed and a survey was conducted to know the opinions of the inhabitants in and around.

In the study, the difference in lifestyle, income, education, women empowerment, happiness index etc., before and after Sri City were clearly visible. The 'Socio - Economic impact report 2022-23' was compiled with data analysis, findings, suggestions and conclusions and brought in the form of a book. It was released by Minister for Industries Gudivada Amaranth at Sri City on Tuesday.

Sri City MD Ravindra Sannareddy, GM P Rama Chandra Reddy, SPMVV Registrar Prof N Rajani along with the three team members were present on the occasion.

New industrial policy will create balanced regional development: Gudivada

EXPRESS NEWS SERVICE @ Tirupati

MINISTER for Industries and Information Technology Gudivada Amarnath paid a visit to Sri City on Tuesday. Founder Managing Director of Sri City Dr Ravindra Sannareddy gave a detailed presentation on the world-class infrastructure and the progress of mega industrial hub development.

He inaugurated newly commissioned production units of RSB Transmission and Adela Electricals. In his presence six Memoranda of Understanding (MOUs) were signed with six companies that includes NGC, TIL Healthcare (Expansion), Magnum, Evershine Moulders, Bombay Coated Special Steels, and BVK Group. The cumulative proposed investment of all these companies will be ₹500 crore, with an employment potential of 1,500.

Later, Amarnath addressed the Confederation of Indian Industry's (CII) roundtable, in which members of Tirupati region took part along with the CEOs of the industrial units of Sri City and representatives of some of the industries in the region. Chairman of CII-

Tirupati Region Priyamanjari Todi said that the intent of convening the meeting is to bridge the understanding between industry and the government through deliberations.

"With the new industrial policy, we are aiming to create balanced regional development, promote startup culture and ensure skill development. The new policy lays emphasis on fast-track clearance of projects so as to ensure their early grounding," he said.

Ravindra Sannareddy said, "The visit of the minister reflects the strong impetus of the government on the industrial development, and his observations and suggestions will be very useful for Sri City's growth." During the interactive session, he made a note of all the issues brought to his notice, and promised to take appropriate action. He launched report on 'Socio Economic Impact of Sri City Industrial Park on neighbouring rural region' by Sri Padmavati Mahila Visvavidyalayam, Tirupati, and the report on the case study by Rural Media on the 'Skill Development and Placement initiatives, and Sri City's impetus'.

A.P. an ideal destination for investments: Amarnath

The Hindu Bureau
TIRUPATI

Minister for Industries, Infrastructure, Investment and Commerce Gudivada Amarnath on Tuesday said the dynamic industrial policies of the government ensured a consistent flow of investments into the State.

“Under the dynamic leadership of Chief Minister Y.S. Jagan Mohan Reddy, the State emerged as an ideal destination as we are aiming to create an inclusive and balanced regional development, promote startups and ensure skill development,” he said.

The Minister, during his maiden visit to the buzzing industrial city, inaugurated the newly commissioned production units of RSB Transmission and Adela Electricals on Tuesday.

Memoranda of Under-

standing (MoUs) were signed with six companies viz., NGC, TIL Healthcare, Magnum, Evershine Moulders, Bombay Coated Special Steels and BVK group. The cumulative proposed investment was pegged at around ₹500 crore, generating employment to 1,500.

Speaking at a roundtable organised by CII, he told CII-Tirupati group chairperson Priyamanjari Todi on the need to bridge

the gap in the understanding between the industry and the government. Sri City MD Ravindra Sannareddy acknowledged the support extended by the State in creating an enabling environment in Tirupati.

Mr. Amarnath launched the report titled *Socio economic impact of Sri City industrial park on the neighbouring rural region*, conducted by the SPMVV, and a case study.
