

CSR @ RSB, JAMSHEDPUR

INITIATIVE NO.4(2015-16)

OBJECTIVE	<i>Maintenance of Greenery @ Surya Mandir Garden, Jamshedpur</i>
ACTIVITY	<i>Community-based green initiative. Develop and continually maintain greenery, lawn, trees, bushes, etc using bio-fertilizers with specific guidelines and operational control procedures. Green carpeting evenly maintained with adequate water supply. Control insects, rodents and repellants through organic pesticides. Adequate space for senior citizens. Garbage-free ambience with green disposal facility. Lawns maintained devoid of obstacles/stones/gravels for children to indulge in injury-free plays, trips, jumps, roll-outs and falls on the green carpet. Young adults and elders have demarcated spaces for brisk walks and exercising. Trees dotting the garden and lawns are planted keeping in view flow of wind directions to ensure cool ambience in warmer months. Natural fall of leaves, branches and tree barks recycled for organic manure. Natural habitat for birds. Adequate lighting in dusk hours.</i>
DATE OF COMMENCEMENT & DURTION	<i>July 2012. 3 years</i>
ANY PARTNER OR NGO	<i>Total Initiative of RSB, Jsr, without any assistance or partnership from outside.</i>
LOCATION	<i>Jamshedpur.</i>
TARGET BENEFICIARIES	<i>Social Community(free entry and no strings attached): 1. Tiny tots/children – play, trip, jump & roll-over in lush green lawns. 2. Young and Adults – brisk walk in cemented pathways and open air warm ups. 3. Senior Citizens - stroll and chat-group Green ambience with trees for birds to nest and fresh unpolluted air.</i>
MONITORING & MEASURING MECHANISM	<i>•Bi-monthly monitoring conducted by our local CSR team member. • Records of impact assessment maintained. • Hygiene @ standard levels. • No injuries while children play on lawns. •Walkways devoid of obstacles and slips during monsoon. •Check nests of birds are free from falls or associated risks. •Use of bio-fertilizers. •Green disposal of wastages like natural fall of leaves, branches, etc • Feedback taken from surrounding areas. • Adequate supply of water. • Impetus to increased green over by adding more plants & trees at planned intervals.</i>
